Library Tips & Tricks

Use the Library's Electronic Resources from Off-Campus

All you need is your NetID & Password

Make sure that you use the library catalog or website to connect to electronic resources in order to prompt authentication.

Full Text not available? Try SULinks

SULinks 

SULinks is a system that will point you to additional sources for a full text article if it is not available in the database you are currently searching.

Use WorldCat to find more materials

<http://worldcat.org>

WorldCat searches hundreds of other libraries and makes it easy to request materials we don't have at Syracuse via Interlibrary loan:

To speed up delivery, click **Interlibrary Loan** on items at WorldCat.org to automatically copy bibliographic information into an ILLiad request.

Need some quiet space?

Visit the lower level or book a study room on the 3rd, 4th, or 5th Floor

Lower Level reading room is first-come-first-served; 3rd Floor rooms are for short-term use, and the 4th and 5th rooms are for long-term use.
